

21 Haver St.

Orange 2800

27-7-1973

To anyone who may be interested,

As I have no next-of-kin, my family except for my mother (now 87 years of age) having predeceased me, this envelope may cause passing glances from worshippers at Holy Trinity Anglican Church, or whatever church may be in its place in 2023.

At this time of writing, I am organist at Holy Trinity (appointed by Canon C.W. Rich in 1970 (Feb 1st)) and having retired from the Department of Education, am teaching piano & singing to an assortment of good, bad and indifferent, willing, unwilling and lukewarm pupils.

Of myself: I was born at Lawson N.S.W.; first went to school in Orange, then in Sydney at Greenwicks Primary and North Sydney Girls' High School. Attended University of Sydney on a Teachers' College Scholarship, graduating in 1933. Studied piano with Alexander Gorensky at Sydney Conservatorium and singing with Godfrey Shering, M.B.E., the eminent English

2)  
tenor; resigned from Department of Education, and earned my living as a soloist (did broadcasting from 2BL and 2FC) and accompanist; went abroad and studied opera production 1949-51. In 1956 again travelled extensively with my sister, the well known concert & opera singer, Annie Waddington. Was organist from 1939 except for time abroad till 1960 at St. Luke's G.P.C. Greenwicks and from 1960-68 did relief work at many churches. Came to Orange in 1969 (12 Dec.) with the intention of retiring gracefully to peace & quietness. The proposed growth centre fills me with dismay and I am desperately seeking some smaller place unlikely to be so altered in what to spend my declining years. Whichever I shall leave Orange is still a matter for thought and prayer.

Signed: Annie Waddington
